

# IEEE COMPEL 2006 Registration Form

Both student and full registrants are entitled to all technical and social activities listed in the program. Each registrant will also receive a CD-ROM copy of the workshop proceedings. The full registration also includes a printed copy of the workshop proceedings. The printed copy is available for purchase at \$50 each by student registrants and others who wish to have an extra copy. Note that, due to the paper submission schedule, both CD-ROM and printed proceedings will only be available after the workshop has been held. A preliminary CD-ROM copy of the proceedings might be available for distribution at the workshop if all papers are received early enough to leave time for making the CDs.

Attendance at Monday and Tuesday dinners requires tickets for accompanying guests who don't register for the workshop. The company hosting the Tuesday cruise dinner requires a firm confirmation of actual number of attendees by July 7. For those who register after July 7, we will have to purchase dinner tickets on site, and may not be able to get you on board the ship if it is sold out on that day. For this reason, early registration is very important.
